Kendall Whittier Plans Update Steering Committee

Meeting Notes

Jan. 15, 2003
Hartford Building

Attendees:

Maria Barnes
Trinna Burrows
David Davis
Leon Davis
Bud Isom
Jesse Raine
Karen Rogers
Jim Vander Lind

Jim Coles, Staff

Pat Treadway, Staff

This was the second meeting of the Steering Committee. Introductions were made followed by the staff providing Committee members with a brief summary of the upcoming planning process.

The Committee discussed several issues pertaining to the process including how to divide the neighborhood into planning sub-areas. The general consensus was to utilize the existing neighborhood sub-areas with the addition of a new area which would consist of the retail corridors. Also, the possibility of combining similar areas for the neighborhood input process was discussed as well as the order in which the areas will be evaluated.

Possible location(s) were discussed for the upcoming neighborhood input meetings. Many locations were considered and it was decided that Trinna Burrows would contact the churches included in the Kendall Whittier Ministries to determine if they have space available for the upcoming neighborhood input meetings. The goal of the Committee is to find convenient meeting space (or spaces based upon location) that could be used throughout the entire process.

The meeting concluded with the Committee deciding to meet again at 9:00 a.m. on Wed. Jan. 29, 2003 at the Urban Development Department offices. This meeting will be primarily a planning session to establish how the neighborhood meetings should transpire. Prior to the meeting the members will also consider a final order for the neighborhood sub-areas meetings.
