RE: Meridia Apartments - TDA Loan Amendment

To Whom It May Concern,

Arvest Bank has responded favorably to our recent request to increase the dollar amount of their loan to our Meridia project from the current \$10.045mm to \$10.339mm, a \$294,000 increase.

Per our TDA Loan Agreement we are not allowed to borrow over \$10.045mm on this project from Arvest. We are requesting this language be amended to reflect a new borrower max allowable of \$10.339mm on the TDA Loan Agreement and re-sign the subordination agreement to reflect our new loan amount. This is required by Arvest. We hope the TDA is pleased with the changes at Meridia upping the total number of apartments from 78 to 93.

Thank you for the consideration and please contact me anytime if you have questions.

Regards,

J. Hunt Hawkins

Vice President
