On January 11, 2017, The City of Tulsa City Council approved Resolution 19789 to surplus property and transfer title for the Laura Dester Site to TDA for redevelopment. This site was acquired by the City of Tulsa in 2015 in a direct sale from the State of Oklahoma as part of the City of Tulsa’s 6th Street Infill (Pearl District) Plan. On January 12, 2016, the City of Tulsa approved TDA to act as an agent to acquire other properties in this plan area for the purpose of redevelopment. On March 15, 2017, a Quit Claim Deed conveyed property from the City to the TDA (8275). Of the 4.4 acre site, approximately 2.6 acres will be offered for redevelopment. The remainder of the site will contribute to flood-management in accordance with the Elm Creek Watershed Plan. Eventually, City storm-water management staff will work with selected redevelopment firm on conceptual design of the flood control basin on this site.
